Bucket Beaver

The Limb Beaver Bucket Beaver is a compact, 24-inch tree trimming and brush clearing attachment designed for skid steers and tractor loaders that connects directly to a standard bucket using a secure clamp-on system. By extending approximately 24 inches beyond the right edge of the bucket, the Bucket Beaver allows operators to trim branches and clear brush along edges, fence lines, and obstacles with improved visibility and control.

2 Foot Limb Trimming & Brush Clearing Attachment (with clamps)

Bucket Attachment for Skid Steers and Tractor Loaders

Bucket Beaver Specifications

- Beaver clamps to standard bucket (bucket not included)
- Beaver can extend ~24 inches to the right of the bucket's edge
- 24 inch cutting patch
- 27 double edge fixed teeth
- Rotor speed of 4,000 – 4,500 RPM
- Cutting Height: 24 inches above the bucket edge
- Height: 37.5 inches
- Length: 74.5 inches
- Depth: 22 inches (clamps included)
- Weight: 175 pounds
- No tilt; for vertical cutting only

Built for simplicity and reliability, the Bucket Beaver requires almost no routine maintenance while delivering fast, safe, and consistent cutting performance. Capable of cutting branches up to 3 inches in diameter, it provides an efficient solution for light vegetation management without the need for complex hydraulics or specialized mounts.

Ideal for farmers, property owners, grounds crews, and municipalities, the Bucket Beaver offers a quick, dependable way to handle everyday trimming and brush clearing—turning your existing bucket into a practical vegetation-cutting tool.
